## 1. Career Profile

### Professional objectives

|                                                     |                                                                                                                                                                                                                                                                                                   |
|-----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Plan A - Primary professional objective             | Project Manager in automotive electronics, preferably in the Saarland / Lorraine / Luxembourg region, companies with 200+ employees, full-time position.                                                                                                                                          |
| Plan B - Alternative professional objective         | Independent technical consultant for diagnostics and ECU systems, focusing on CAN-Bus and UDS protocol.                                                                                                                                                                                           |
| Professional profile and strengths (Marketing plan) | 20 years of experience in vehicle production and electronics diagnostics. Specialised in ECU programming, CAN-Bus analysis and OBD-II protocols. Multilingual: German (fluent), French (fluent), English (native). Team leadership up to 8 people, structured approach, high attention to detail. |
| Target market                                       | Saarland, Lorraine, Luxembourg. Automotive, mechanical engineering, suppliers. Mid-sized to large companies (100 to 2000 employees).                                                                                                                                                              |

## Monthly Update 01

### Monthly Review

|                             |                                                                                                                                                                                          |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appointment date            | 01.02.2026                                                                                                                                                                               |
| Submission date             | 28.01.2026                                                                                                                                                                               |
| General monthly review      | The first month was an orientation phase. I familiarised myself with the support services available and started updating my CV. Made first contact with former colleagues in the sector. |
| Previous objectives status  | Partially achieved                                                                                                                                                                       |
| Objectives status detail    | My CV is now complete. Job search took longer than planned - will focus more intensively on this in February.                                                                            |
| What went well?             | The support from my advisor was very helpful. I gained clarity on my professional strengths.                                                                                             |
| Where do I need support?    | Help writing a compelling cover letter in German and French.                                                                                                                             |
| Topics for next appointment | Review cover letter templates. Networking strategy for the cross-border region.                                                                                                          |
| Additional remarks          |                                                                                                                                                                                          |

## Monthly Update 02

### Monthly Review

|                             |                                                                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appointment date            | 01.03.2026                                                                                                                                                                    |
| Submission date             | 26.02.2026                                                                                                                                                                    |
| General monthly review      | Very active month. I attended two job interviews - one with a supplier in Saarbruecken, one with a company in Metz. Both interviews went positively, still awaiting feedback. |
| Previous objectives status  | Fully achieved                                                                                                                                                                |
| Objectives status detail    | Target was 2 applications - sent 5 and obtained 2 interviews.                                                                                                                 |
| What went well?             | My technical expertise was very positively received in both interviews. A networking conversation with a former colleague led to a referral for the Saarbruecken role.        |
| Where do I need support?    | Coaching on salary negotiation. Unsure how to position my salary expectations in the cross-border region (DE/FR/LU).                                                          |
| Topics for next appointment | Prepare salary negotiation. Decision criteria when receiving multiple offers.                                                                                                 |
| Additional remarks          | Saarbruecken interview: 15.02.2026. Metz: 22.02.2026.                                                                                                                         |

## Monthly Update 03

### Monthly Review

|                             |                                                                                                                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appointment date            | 01.04.2026                                                                                                                                                                                                                    |
| Submission date             | 28.03.2026                                                                                                                                                                                                                    |
| General monthly review      | I received a written offer from the company in Saarbruecken. The offer is interesting, but some contract points (remote work policy, annual leave) do not fully meet my expectations. I am currently in the reflection phase. |
| Previous objectives status  | Fully achieved                                                                                                                                                                                                                |
| Objectives status detail    | All goals from the last session were achieved. Offer received, negotiation position prepared.                                                                                                                                 |
| What went well?             | The salary coaching was very helpful. I managed to improve the initial offer by 8% through targeted argumentation.                                                                                                            |
| Where do I need support?    | Support evaluating contract terms. Comparison with employment law in the cross-border region.                                                                                                                                 |
| Topics for next appointment | Analyse contract terms: remote work, annual leave, notice period.<br>Decision required by 15 April.                                                                                                                           |
| Additional remarks          | Offer received on 20.03.2026. Decision deadline: 15.04.2026.                                                                                                                                                                  |
